

The Drum Magic Way of Life.

A journey through making a magical life out of drumming with people.

This valuable workshop is offered by Jana Broder; owner of Drum Magic, a successful Drum Circle Facilitation business based in Tampa, Fl. Jana's business objective has always been the same; "Bring more people to drumming." This objective leads her to share what she has learned since 2002 when Drum Magic started.

The information is invaluable to anyone who has considered a path through the business of facilitating rhythm events. Being a successful Drum Circle Facilitator requires knowledge that only comes from forging the path for others to follow. Jana wants to share.

The workshop will include segments on facilitation styles, DCF business 101, marketing YOU, and loads of time for questions and answers.

We will provide a light and healthy lunch, snacks, and beverages.

In 1998, after 20 years as a corporate caterer in Atlanta, Ga, Jana Broder sold her business, her house, and her belongings, and moved to Northern California. It was there that she was introduced to the drum. The impact of community drumming seemed to take over her dreams as she began her new, yet unknown, future. After learning technique and skills from some of the best teachers in hand drumming, she moved to Central Florida to begin her new passion; Drum Magic.

In 2002, Drum Magic became a reality as a business in the Tampa Bay area. Drum Magic was her passion and she would share that with anyone that would listen. She joined her local Chamber of Commerce where she quickly earned Ambassador of the Year followed shortly by the Small Business Administration's award of Small Business of the Year. Her leadership in the community also shows up at the Tampa Metro YMCA, where she was awarded Volunteer of the Year and has served on their advisory board.

Drum Magic can be seen throughout the United States drumming with large corporations such as BP, JetBlue, Johnson&Johnson, Visa International, and Dollywood.
